WHATE THE MATTER WITH W. I., PORTER:

"LIKE & CLAP-FROM the clear sty" came the news of an attack on Dr. William Bickens and the National Association for the Advancement of Colored People; through the columns of The East. Tennessee News, published at Knogxille, Tenn., Webstey. L. Porter, editor-owner.

SINCE OUR ACQUAINTANCE with Mr. Porter, we had learned to believe him a young man of strong sterling character; a defender of his people and a lover of his Jace. Hence, we arreally at a last to know what fould have happened to him on this occasion, that caused him to lose his head and attack an organization that has done price for the Race during the past twelve years than any other agency in this country.

THE-BEST THINNING FEOFLE of this country acknowledge the National Association for the Advancement of Colored People as a constructive force, and helpital, not only to the Colored People, fig to the ination.

THE-BEST THINNING PEOPLE of this country acknowledge, fig to the ination of the Advancement of Colored People, fig to the ination.

THE-BEST THINNING PEOPLE of this country to the Colored People, fig to the ination of the Advancement of Colored People, fig to the ination.

THE ALEXT THERE ARE instination; the this, will be looked upon with a marked degree of sure and the colored people. The Advancement of the Advancement of the Advancement of the Colored people, fig to the advancement of the Advancement of Colored People as a character of the Advancement of Colored People as a character of the Advancement of Colored People as a character of the Advancement of Colored People as a character of the Advancement of Colored People and the degree of the Advancement of Colored People as a character of the Advancement of Colored People as a character of the Advancement of Colored People and the Advancement of Co

this is frue, we come know, our is as seen a problem. The problem is the fact that the same issue of Porter's paper in which the altack was paste on the Association and Mr. Pickens, an announdement was made that Mr. Porter had purchased a \$7000.00, forme. These raisements are made by some of those who know! Mr. Porter, in an effort to reason out why he bas taken this route to "fall from-grace."

an effort to reason out why he bast taken this route to "fall from grace."

WE CONFESS that we do not understand Mr. Peter's actions in this case. We only know we are utterly surprised at time attack. If he was forced to do so in order to live in his home town and state, we think it would have been far better that he abould take up his bed and walk. If on the other hand, he made the attack for money, or 15 make the whites believe that he is a "good nigger," then he has played the part of a traitor.

THESE_WORDS OF OURS are mere conjectures. We shall withhold our condemnation until we learn more about the cause of this seemingly unwarranted atack on the N. A. A. C. P. and its field secretary. Dr. William Pickens, or at least until Mr. Porter shall have had an opportunity to explain his actions in this case, to the public, to whom he is so greatly indebted.
